11. Description of proposed works.
Drilled Well 16' x 150' deep well turbine, portable sprinkler system. (Under the provisions of NRS 535.010 you may be required to submit plans and specifications of your diversion or storage works.)
(State manner in which water is to be diverted, whether by dam or other works, whether through pipes, ditches, flumes, or other conduits.)
12. Estimated cost of works \$30,000.00
13. Estimated time required to construct works completed
14. Remarks Existing well #7 (18639) is located in a position that
makes connection to sprinkler system difficult and is therefore being abandoned. The map that is being filed in support of this application will also support the proof of beneficial use. Compared nt/hs hs/kd Applicant J.H. Sewell
Bys/ Mark Chilton, Agent
APPROVAL OF STATE ENGINEER
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the
following limitations and conditions: This permit to change the point of diversion of the waters of an underground source as heretofore granted under
Permit 18639 is issued subject to the terms and conditions imposed
in said Permit 18639 and with the understanding that no other rights
on the source will be affected by the change proposed herein. The
well shall be equipped with a 2-inch opening, an air line and a weir
or other type of measuring device at or near the well to facilitate
the measurement and control of the water. If well is flowing, a
valve must be installed and maintained to prevent waste. The State
reserves the right to regulate the use of the water under this pro-
posed change at any and all times.
The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not
to exceed 5.4 cubic feet per second , but not to exceed a
yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources.
Actual construction work shall begin on or before
Proof of commencement of work shall be filed before May 24, 1967
Work must be prosecuted with reasonable diligence and be completed on or beforeApril 24. 1968.
Proof of completion of work shall be filed before May 24, 1968
Application of water to beneficial use shall be made on or before. April 24, 1969
Proof of the application of water to beneficial use shall be filed on or before May 24, 1969
Map in support of proof of beneficial use shall be filed on or before May 24, 1969
Commencement of work filed 7 1968 IN TESTIMONY WHEREOF, I.—GEORGE W. HENNEN State Engineer of Nevada, have hereunto set my hand and the seal of my office, this 24th day of October Cultural map filed
Certificate No. 6/9/ Issued 5.23, 1967 A.D. 19 66 Old Assistant State Engineer
